AFCA'S MISSION

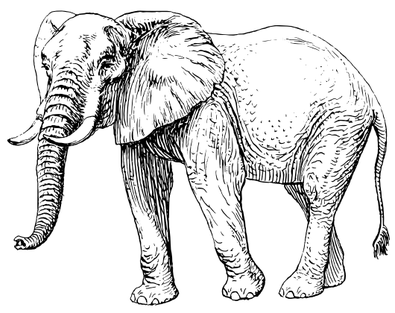

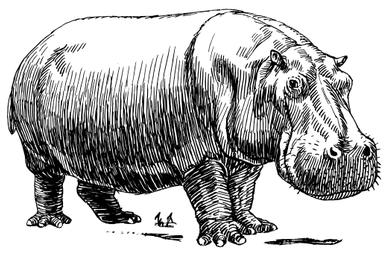

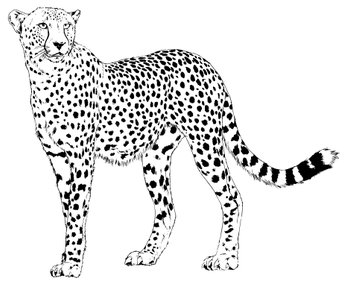

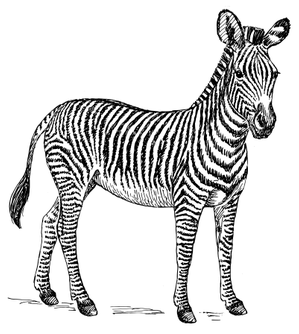

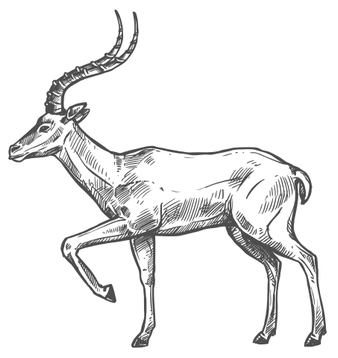

The American Foundation for Children with AIDS (AFCA) is a non-profit organization providing critical comprehensive services to infected and affected HIV+ children and their caregivers. Our programs are efficient, promoting self-reliance and sustainability. Since 2005, in collaboration with our in-country partners, we have served tens of thousands of families in some of the most underserved and marginalized communities in Africa. Our areas of impact include: medical support, livelihoods, sanitation, educational support, and emergency relief.

AFCA is transforming lives in Kenya, Uganda, Zimbabwe, Malawi, and the Democratic Republic of Congo.
